

Quality Craftsmanship

Made in U.S.A.

New Poly-Classic[®] Resin-Infused 30" Column

Made from fiberglass and resin for a lightweight yet very durable and extremely strong column, these are a perfect solution for larger columns where the weight of an Fiberglass-Reinforced Polymer (FRP) column becomes an issue.

Typically these columns will weigh up to 75% less than a FRP column.

Available Heights for Round Tapered Column
